\* WCINYP may par with this plan if the Connecticare policy utilizes another network that WCINYP pars with. The Insurance & Finance Clearance (IFC) team would need to call to confirm.

\*\* The IFC team will need to call Elderplan to ensure WCINYP does not par with this plan.

\*\*\* These plans are considered out-of-network with out-of-network benefits. Patients with out-of-network benefits are eligible to receive services at WCINYP. It is important to note that out-of-network status may result in differences in coverage compared to in- network services.
