

Weill Cornell Imaging

 NewYork-Presbyterian  Weill Cornell Medicine

You have been called back for additional views because your screening mammography showed an area of concern. These views will incur an additional charge, as listed below.

77065 - Unilateral Diagnostic Mammography: \$893.00

77061 - Unilateral Diagnostic Tomosynthesis: \$801.00

77066 - Bilateral Diagnostic Mammography: \$1,105.00

77062 - Bilateral Diagnostic Tomosynthesis: \$836.00

Please note that if Weill Cornell Imaging at NewYork-Presbyterian participates with your insurance plan, this charge will be billed to your insurance provider and will be subject to your plan's diagnostic benefits, which may include copay, deductible, or co-insurance. If you are a self-pay patient, payment will be due now, at the time of service.

I understand that the Diagnostic Mammography done today is an additional charge.
